## Bora Bora

A star is born, and no one can remain indifferent. It's a model that marked the new era of modern decoration and stands proudly on the pedestal as the most desirable. Modules that allow infinite variants of creativity and easy adjustment for any space, filled with the softest foams that provide comfort and enjoyment.

One of Jumis most consistent hits, the BORA BORA line, offers practical solutions to the concerns of comfort and modularity.

The main component of the BORA BORA modular system is the seat, which is followed by central, side, and final parts with a low or high armrest.

The elements are used to build standard sofas, sofas with chaise longues, corner sofas, and island elements that offer a 360° seating option. Comfortable in its increased depth, turns into a gathering spot, a pleasant space where people can relax.
